If these terms are translated the same information might be conveyed, but an inaccurate message or image is conjured up by the translator, e. Another time he withheld his affection from a girl for fear of acting too soon. Donald H. Yahoo Celebrity. It is more than understandable that secure payment stands in the fore-ground when doing Internet shopping 44considering the fact that even if the non- encoded transmission of credit card information seems at first sight as safe as the use of

this card in a restaurant, main differences exist: A big amount of automatically generated credit card information together with user profiles and the possibility to analyze this data mechanically, increases the danger to wake significant criminal energy and inventive behavior. With so many people paying for tickets and watching on television, colleges and artists even gave the chance for people to play their game and win a prize.
